Add 1 ounce	add .210	add .208	add .208	add .208	add .036	add .049	add .036	add .049	add .036	add .049	add .029	add .043	add .029	add .043	add .036	add .049			
CARD SIZE	\$0.34	0.251	0.278	0.293	.217	.301	.246	.309	.408	.664	.099	.183	.128	.191	.289	.546			
Non-Machineable Surcharge	.210	.208	.208	.208															

** This chart does not include any of the Carrier-Route rates

** This chart does not include any of the Carrier-Route rates

* Basic rates for stamps; if meter, rate are \$.01 less for up to 3.5 ozs.

Other terms:

1. "Automated": includes the Intelligent Mail Barcode (IMB) for postal machine automation
2. "Machinable": follows postal regulations for automation but is not barcoded
3. "Non-Machineable": a mail that might not qualify for being ran on postal machines due to size, thickness, rigidity, flexibility, color, or content
4. "Lowest Rate": would be for mailing addresses with high concentration in a geographic area; "Highest Rate" would be for a broader area. There is the possibility of even lower rates for very local mailings.

NOTE: This chart is strictly a reference rate sheet; rates have been rounded to 3 decimals; many postal regulations needs to be followed to meet specific rates; no guarantees are hereby given.
